

KIT BENEFITS

K48900C

HONDA CIVIC 1992-00, DEL SOL 1993-97

TRANS.CODES: A24A, M24A, S24A, A4RA, BDRA, B4RA, B46A, S4RA, M4RA, S4PA

OUR KIT CONTAINS:

1. Full compliment of sealing washers
2. Breather gasket
3. OEM comparable materials
4. Sub packaged components with illustrations to easily identify part's proper location.
5. Full compliment of steel valve body check balls
6. Late application coverage
7. Angled lock washers for various locations throughout the unit.
8. Viton Shift Fork Accumulator Oring to Prevent Premature Wear.

Distinguishing Characteristics:

These units can be identified by the code (as listed above) stamped on the transmission case. It is important to note that models BDRA, B4RA, B46A and S4RA may be built in one of three production facilities. These are Canada (Alliston, Ontario), USA (Liberty, Ohio) or Japan (Suzuka). It is necessary to know this information when ordering a Master Overhaul Kit as the Steel Clutch Plates vary.
